A Companion to the Achaemenid Persian Empire Bruno Jacobs 2021-07-23 A COMPANION TO THE ACHAEMENID PERSIAN EMPIRE A comprehensive review of the political, cultural, social, economic and religious history of the Achaemenid Empire Often called the first world empire, the Achaemenid Empire is rooted in older Near Eastern traditions. A Companion to the Achaemenid Persian Empire offers a perspective in which the history of the empire is embedded in the preceding and subsequent epochs. In this way, the traditions that shaped the Achaemenid Empire become as visible as the powerful impact it had on further historical development. But the work does not only break new ground in this respect, but also in the fact that, in addition to written testimonies of all kinds, it also considers material tradition as an equal factor in historical reconstruction. This comprehensive two-volume set features contributions by internationally-recognized experts that offer balanced coverage of the whole of the empire from Anatolia and Egypt across western Asia to northern India and Central Asia. Comprehensive in scope, the Companion provides readers with a panoramic view of the diversity, richness, and complexity of the Achaemenid Empire, dealing with all the many aspects of history, event history, administration, economy, society, communication, art, science and religion, illustrating the multifaceted nature of the first true empire. A unique historical account presented in its multiregional dimensions, this important resource deals with many aspects of history, administration, economy, society, communication, art, science and religion it deals with topics that have only recently attracted interest such as court life, leisure activities, gender roles, and more examines a variety of available sources to consider those predecessors who influenced Achaemenid structure, ideology, and self-expression contains the study of Nachleben and the history of perception up to the present day offers a spectrum of opinions in disputed fields of research, such as the interpretation of the imagery of Achaemenid art, or questions of religion includes extensive bibliographies in each chapter for use as starting points for further research devotes special interest to the east of the empire, which is often neglected in comparison to the western territories Part of the acclaimed Blackwell Companions to the Ancient World series, A Companion to the Achaemenid Persian Empire is an indispensable work for students, instructors, and scholars of Persian and ancient world history, particularly the First Persian Empire.

The New International Encyclopædia Daniel Coit Gilman 1903

Arabic and Persian Loanwords in Tagalog Jean-Paul G. POTET 2013 The few, and generally obsolete Tagalog words of Arabic and/or Persian origin that can be found in old and modern dictionaries are fragments from a period when they must have been more numerous, although their number cannot ever have been very large. Some illustrate how Manila was an outpost of the Bornean polity based in Brunei, itself a part of the Indo-Javanese system, while others point at direct contacts with traders who spoke some varieties of Arabic, but were probably Indians, Persians, Armenians from Persia or even Turks. Thus these terms entered Tagalog over a very long period that lasted until the 19th Century.

The Hebrew Signs language of Adam Volume IV (4)- The Secret Ancient light of the Hebrew Master Key Letters Moti Kanyavski (Kanyavsky) 101-01-01 The Signs language of Adam Volume IV – Book Four: The Secret Ancient light of the Hebrew Master Key Letters The letters: Shin, Zain, Kaf, Tzadik, Epilogue-Conclusion The origin of the ancient Hebrew letters, words and the roots of ancient scripture, the roots of modern culture and language Author: Kanyavsky Moti The origin of the ancient Hebrew letters, words and the roots of ancient scripture, the roots of modern culture and language How did ancient prehistoric symbols become letters, language and Hebrew letters which evolved into other languages? How were the German language, Indo-European, and other languages influenced by the ancient Hebrew language and “borrowed” their word roots from it? What is the oldest language? What do the words mean? Discoveries shed light on the beginnings of the ancient language. The building blocks of the Hebrew language and other later related languages. What they are made of? How they were created? and how they are used and why? The meaning of the ancient Hebrew symbols, from the beginning of human culture to the end of the ice age and the beginning of the agricultural revolution. We speak in words that come from symbols. Each symbol in the Hebrew language has an ancient meaning. There are no "coincidences" in the roots of the words. If your language interests you, and you want to understand the meaning of the

words, spelling, and symbols you speak, this book is for you! This book is dedicated and intended for all Hebrew people scattered around the world, among the nations, wherever they are. A must-read book for any Hebrew, German, and English speaker! A revolution in language research! Thehebrewman57.wordpress.com/

Ancient Jaffa from the Persian to the Byzantine Period Orit Tsuf 2018-09-20 The work undertaken by Orit Tsuf represents an important first step toward the full publication of Jacob Kaplan's and Haya Ritter-Kaplan's excavations in Jaffa and its necropolis at Abu Kabir, all of which took place between 1955 and 1974. Part I is devoted to the excavations, among others of the "Sounding X" with its Persian to Byzantine remains, the Residence in Area C, the Agora of Jaffa, the Historic Sacred Center (Tel Yaffo) and Hellenistic to Byzantine graves. Part II focuses on the excavated objects. At the core of the study stands the fully illustrated pottery collection of ca. 1200 ceramic objects and fragments dating from Iron Age to Byzantine Period. Further chapters are devoted to glass vessels, stone vessels and metal finds.

English Silver Coinage Maurice Bull 2015-09-30 The 6th edition of this numismatic classic offers much more than previous editions, not only in terms of the number of varieties recorded but also in terms of the way in which the data has been recorded and presented. It has been completely renumbered to do away with the confusing letter suffixes used in previous editions, and is now arranged by monarch rather than denomination; all new numbers are cross-referenced to the previous edition.

Mickelsson's Ghosts John Gardner 2010-09-21 Gardner's final novel: a delicate tapestry of literary genres that create a wonderfully mysterious and ambitious narrative As Peter Mickelsson's brilliant career as a professor at Brown University winds down, he suffers from alcoholism and is on the brink of divorce. Seeking a new start, Mickelsson moves to an old farmhouse in the Pennsylvania countryside to take a position at Bingham University. But when mysterious supernatural events begin to occur, it becomes clear that these new surroundings will not provide a refuge for this troubled man, but rather prompt an introspective look into the ultimate value of his life's work. With distinctive style and linguistic mastery, author John Gardner weaves together a string of extraordinary plots that culminate in an unforgettable conclusion. This ebook features a new illustrated biography of John Gardner, including original letters, rare photos, and never-before-seen documents from the Gardner family and the University of Rochester Archives. *Cultural Identity in the Ancient Mediterranean* Erich S. Gruen 2011 Cultural identity in the classical world is explored from a variety of angles.

Make room for ancient coins with Ancient Coin Collecting.

History of the Ancient Peoples of the Classic East Gaston Maspero 1900

The Cambridge History of Iran I. Gershevitch 1985

Rivalling Rome Vesta Curtis 2020-03-31 One hundred years after the conquest of the Persian Empire by Alexander of Macedon, we see the emergence of a new Iranian dynasty that, by 140 BC, has extended its rule to Western Iran and Mesopotamia. The Arsacid Parthians, famous for their riding and archery skills, became Rome's most dangerous enemy east of the River Euphrates. Encounters between Roman generals and Parthian envoys are vividly described in Classical accounts of a biased nature, and unfortunately no such sources are available from the Parthian side. Here, the most important primary source is the coinage of the period c. 248 BC - AD 224. These coins reveal important information about the development of the Parthian state, its expansion and the role of the king, who, by 111 BC, had adopted the ancient Persian title of King of Kings. Rome's interference in the region begins during the reign of Mithradates II's and culminates in the devastating defeat of the Roman army under the General Crassus at the Battle of Carrhae in 53 BC. Over the next 300 years these two superpowers fight for territorial control in the region, particularly over Mesopotamia and Armenia. This book will highlight the rise to power of the Parthians, the long conflict with Rome, as well as the culture and religion of the Parthian Empire as seen through the coinage of this period. It is co-published with the British Museum to accompany an exhibition of the same name which opens there in April 2020.

New Perspectives on Ancient Warfare Garrett Fagan 2010-07-12 New Perspectives on Ancient Warfare explores the armies of antiquity from Assyria and Persia, to classical Greece and Rome. The studies illustrate the ways in which technology, innovation, cultural exchange, and tactical developments transformed ancient warfare by land and sea.
